Subject: RE: 4-18 Enforcement Call

Adding Wendy Johnson, DOGGR attorney.

My apologies, I was tied up in another meeting today. DOGGR had nothing new to report other than we conducted our annual Environmental and Safety System Tests at the site. I have not yet received our inspector's report, but my understanding is there were no violations associated with the inspection other than some additional documentation due to DOGGR as a result of new requirements in the law.

DOGGR did post it's new Regional Issues webpage (<https://www.conservation.ca.gov/dog/Pages/Regional-Issues.aspx>) which includes the new AllenCo Oil Production Facility page. DOGGR has thus far posted six documents to the webpage, with more to come in the near future. DOGGR has also posted the supplied links to participating agencies.

Hi Jaclyn, thanks for the email and update. I think this invite must have fallen off my calendar. My apologies for missing it.

Subject: 4-18 Enforcement Call

We had quite a few folks unable to make today's call. If your agency has an update to share with the group, feel free to respond to this email with the update.

LA City and AQMD had no update. DPH asked that we all complete the survey regarding whether to have the walking tour before the next stakeholders meeting, and at what time, in light of the fact that the meeting location has changed and will now be held at the Los Angeles City Attorney's Office (see email from Mandi Bane, sent April 16) .

Best,

--

Jaclyn A. Romano
